Part 1
5 main functionalities:
1. Group Chat
2. File Upload
3. Event Planner
4. Calendar
5. Feedback

Part 2
Participant Profiles

Name:	Richard	Romiz
Gender:	Male	Male
Age:	20	26
Education:	Post Secondary	Post Secondary
Occupation:	Student	Student

Part 3
Usability Metrics & Analysis

Task 1 Time, and Difficulty:	2 seconds, 1/5	2 seconds, 1/5
Task 2 Time:	17 seconds, 1/5	6 seconds, 1/5
Task 3 Time:	6 seconds, 1/5	12 seconds, 1/5
Task 4 Time:	8 seconds, 1/5	5 seconds, 1/5
Task 5 Time:	3 seconds, 1/5	3 seconds, 1/5
Interview Questions:	App is clean and efficient	None

Judging by the users times on the app it seems that to increase efficiency, tasks 2 and 3 must be simplified. Some implementations to make this easier is to add a scroll bar to indicate that there are more options at the bottom as the second user was having difficulty navigating the app. Adding a back button will also help them navigate to the start or the "Home page".
